Subject: "Microsoft Settlement"

Your Honor,

As concerned Americans, we urge you to reject the proposed final judgment in the U.S. vs. Microsoft case. Microsoft should not reap the rewards of its past illegal activities, yet this settlement would do just that. Furthermore, there need to be provisions that assure us that Microsoft will cease its anti-competitive behavior. For these reasons, we ask you to throw out the proposed settlement which is harmful to consumers everywhere.

Many thanks,

Donald Silvis
